Recently we have further developed our intervention support to ensure that all pupils at risk of not making progress are fully supported. Pupils with SEN, FSM and other factors eg dyslexia etc.. have been identified to ensure all pupils make good or better progress. As part of our assessment cycle we hold pupil progress meetings to identify and support pupils who require further support. Parents are kept informed of next step targets and of pupil progress.

Intervention and Support:

- Writing Groups (Year 3 to 6)
- Maths Intervention groups (Year 3 to 6)
- Booster groups (all age groups)
- Phonics Support groups (Year 1 and 2)
- Intensive teaching support (Year 6)
- Senco Training
- Reading Support (Year 3 to 6)
- Individual Programmes 1 to 1 support
- Dyslexia intervention and support

Additional Provision:

- Residential support
- School Milk
- Music Tuition support

- Pupils and their parents are given the opportunity to contribute regularly to individual reviews of progress. Individual plans are reviewed every 6 weeks resulting in improved progress.
- As a result of comprehensive professional development, teaching and support staff are well placed to support a range of special needs including those in need of specific teaching strategies such as children with Dyslexia
- The SENCO and SLT members have dedicated time to monitor the impact of provision and review the progress of groups and individuals. As a result poor progress or underperformance is addressed quickly and evaluations are discussed and actioned quickly by the Senior Leadership team.
