Borwick Hall Visit – Year 2

What an unbelievable time Year 2 have had exploring their climbing skills and exploring the outdoors.

World Down Syndrome Day

We will be mentioning and discussing World Down Syndrome Day next week in our worship time. During this day we will be encouraging our children to find out more at home – if you can, please help your child explore this in more depth.

School Dinners

Please can you ensure your child has ordered their school dinners in advance as we struggle to feed children who have forgotten as the school meals are made to order. Thank you very much – please get into a routine of booking.

Garden Support - Tuesday afternoon (1-2:30pm)

Please contact your child's class teacher if you are able to help tomorrow from 1:00-2:30pm with your child's class. The children will be looking after the garden area outside their classroom love to be looked after and filled with new plants. This will make our school look amazing after the winter.

If you have any plants, please do donate these in the morning. Last year was a superb day and we hope it will be again tomorrow.
