

I enjoy seeing the children of St Mary's each and every day as they're always full of surprises!!

Mr Watson

Started St Mary's - 2016

Guilty Pleasure: a cheeky takeaway or an alcoholic beverage after a hard week of work!

Random Fact: that I used to play football at semi-professional level and I've even played against big teams such as Manchester city! (we lost 5-1, but I did score the only goal and gained lots of experience, so the loss didn't matter as much)

Fun fact - when I was younger, I attended St Mary's! I then moved onto QES, following that I attended college to study sports science but after a year I figured it wasn't for me, so I decided to have a change and complete my teaching assistant qualifications at Kendal college. I am still studying at Kendal college, currently completing my foundation degree, as I am looking to become a fully qualified teacher!

Before working at St Mary's, I worked in a variety of pubs and restaurants in addition to running summer camps for children over the holidays as well as being involved in coaching clubs since the age of 14. I enjoy working at St Mary's as no two days are ever the same and there is always an element of surprise in my day to day job.

In my spare time, I enjoy playing sports, especially football, and I also enjoy spending time in the gym and going on runs regularly in order to maintain a healthy life.
