

St. Mary's is a brilliant community with staff and parents alike. The children are fantastic and a pleasure to work with. We are really lucky to have a great outdoor space to use and explore with.

ST MARTIN'S COLLEGE

Mrs Hutchinson went to school and sixth form in York.

She went to St. Martin's college in Lancaster where she studied Primary School teaching with history.

She is currently studying for her Forest School qualification.

She was a silver service waitress, worked in a hairdresser's salon, washing hair and started with a paper round.

I love exploring in the outdoors, walking and canoeing. Spending time with my family and friends.
